

Two ways to district the same voters

Same votes, different maps

Districts by column: A 3 – B 2

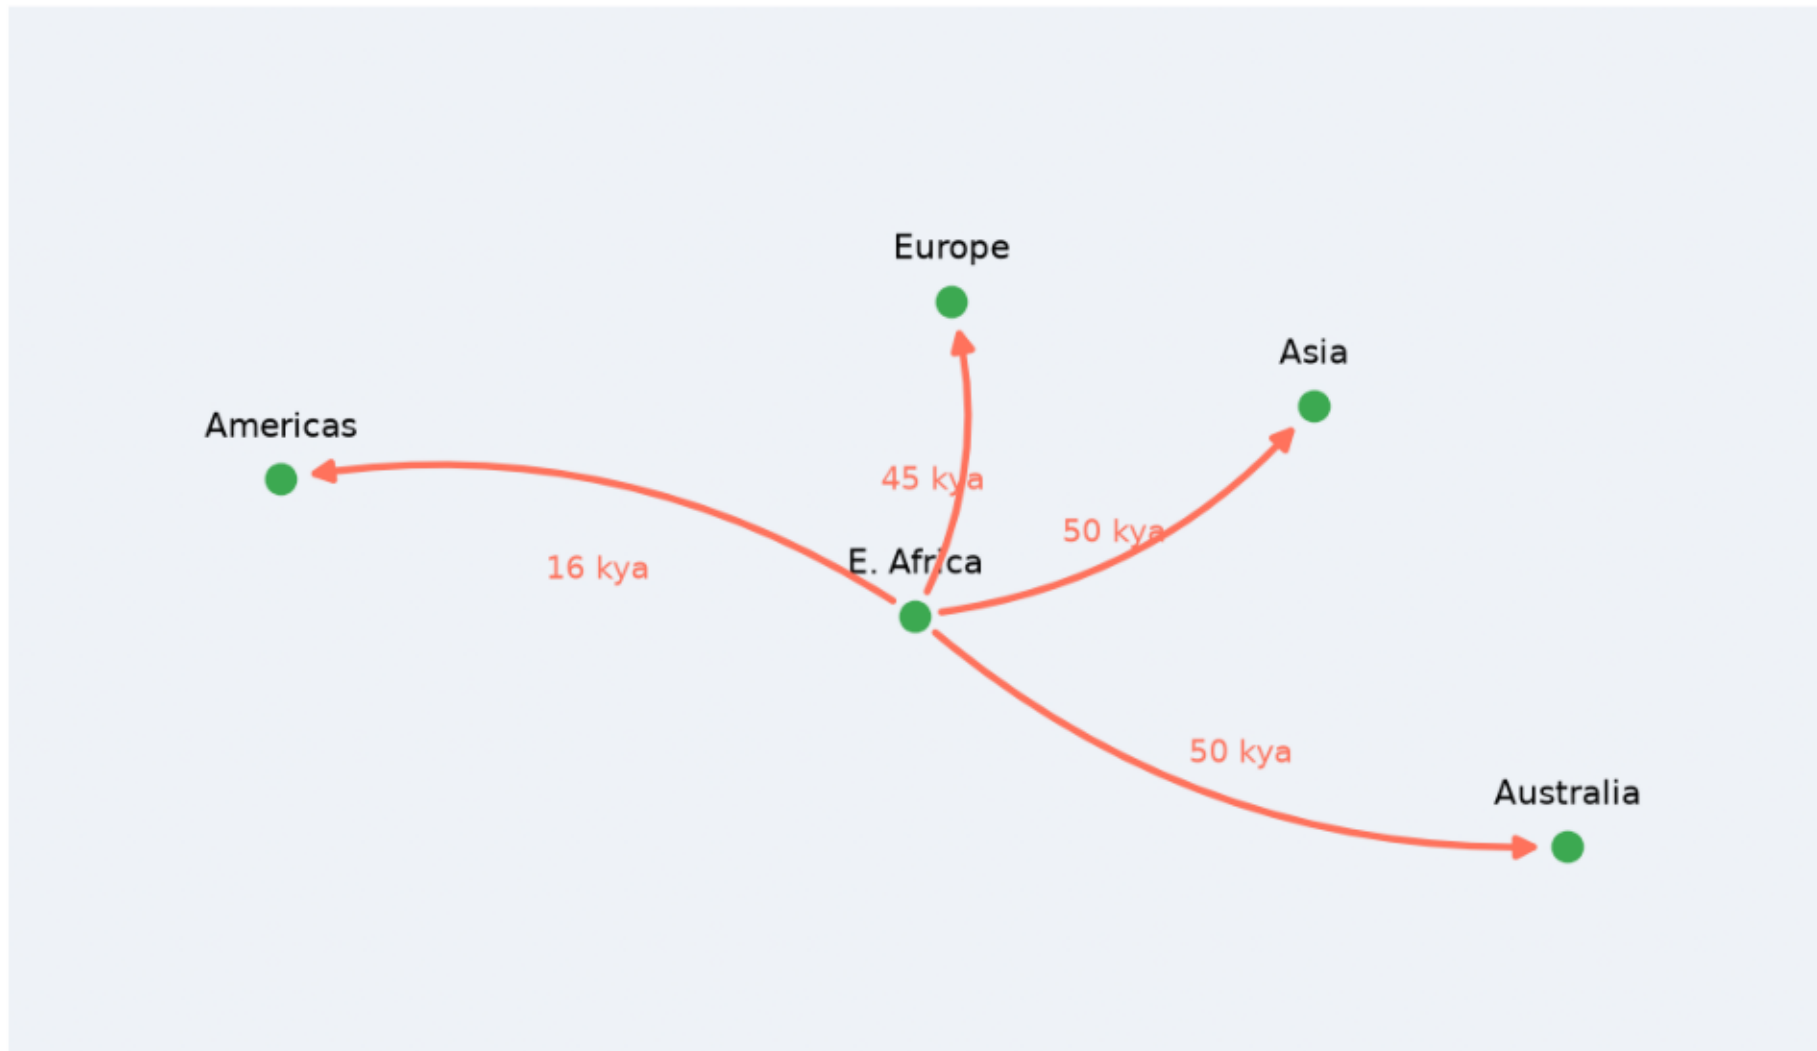

Districts by row: A 5 – B 0

Which visual task family? · Which channel does the work? · What form would you choose instead?

The out-of-Africa migrations

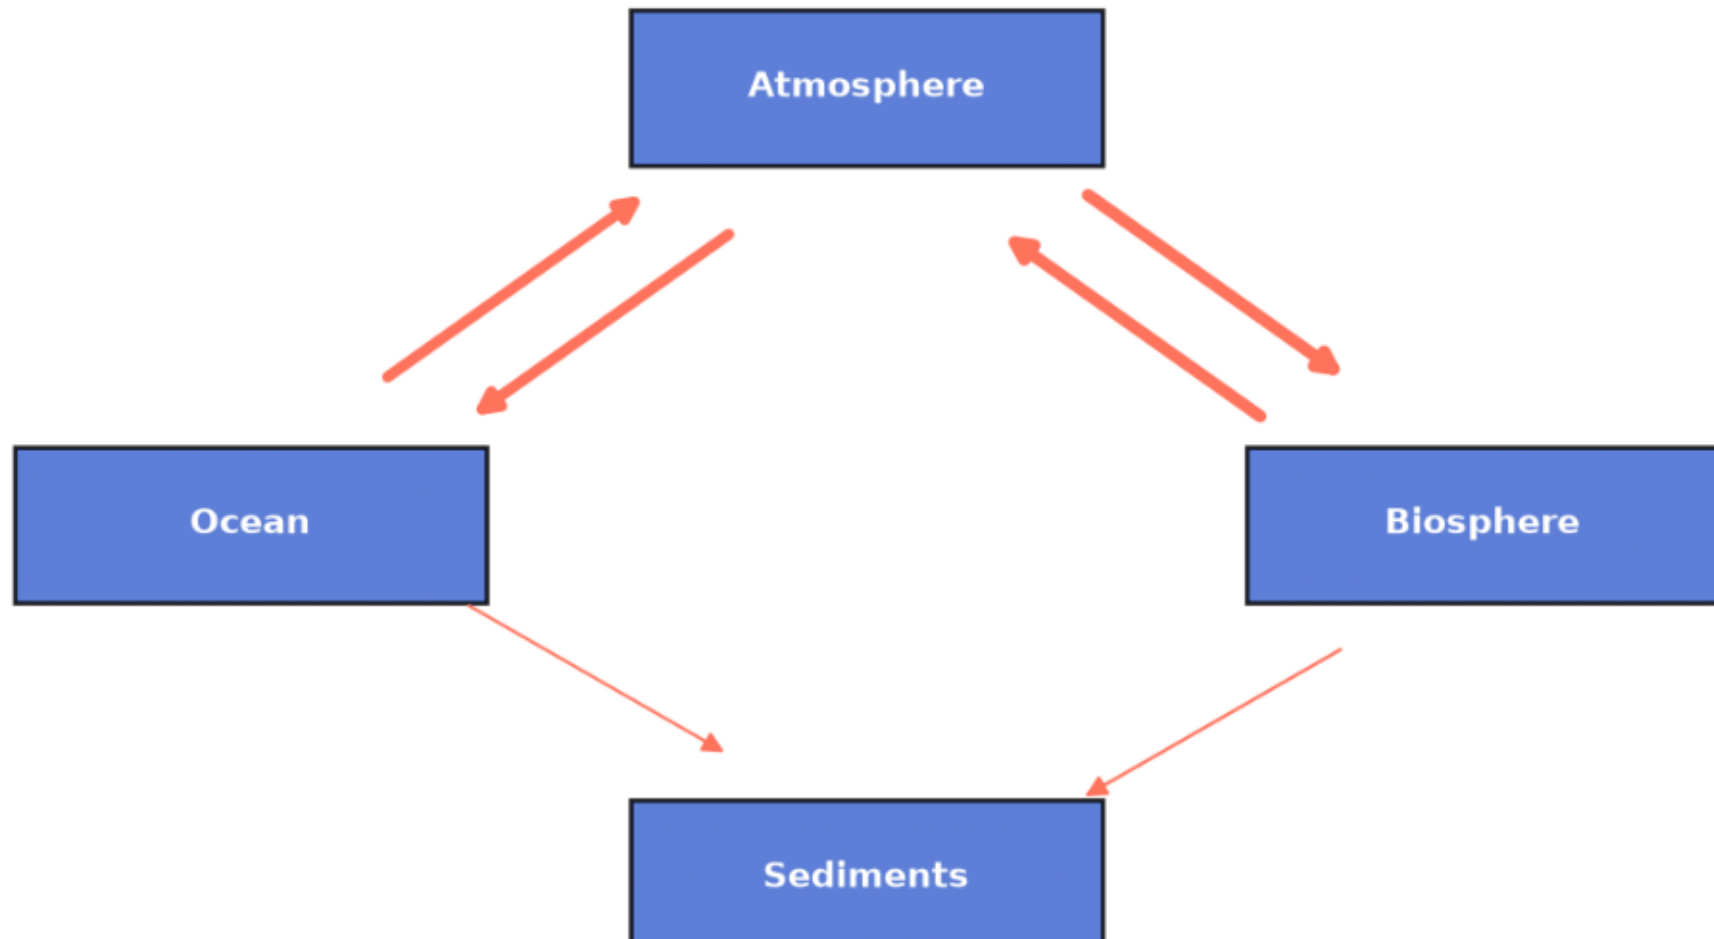

Out-of-Africa dispersal

Which visual task family? · Which channel does the work? · What form would you choose instead?

The water and carbon cycles

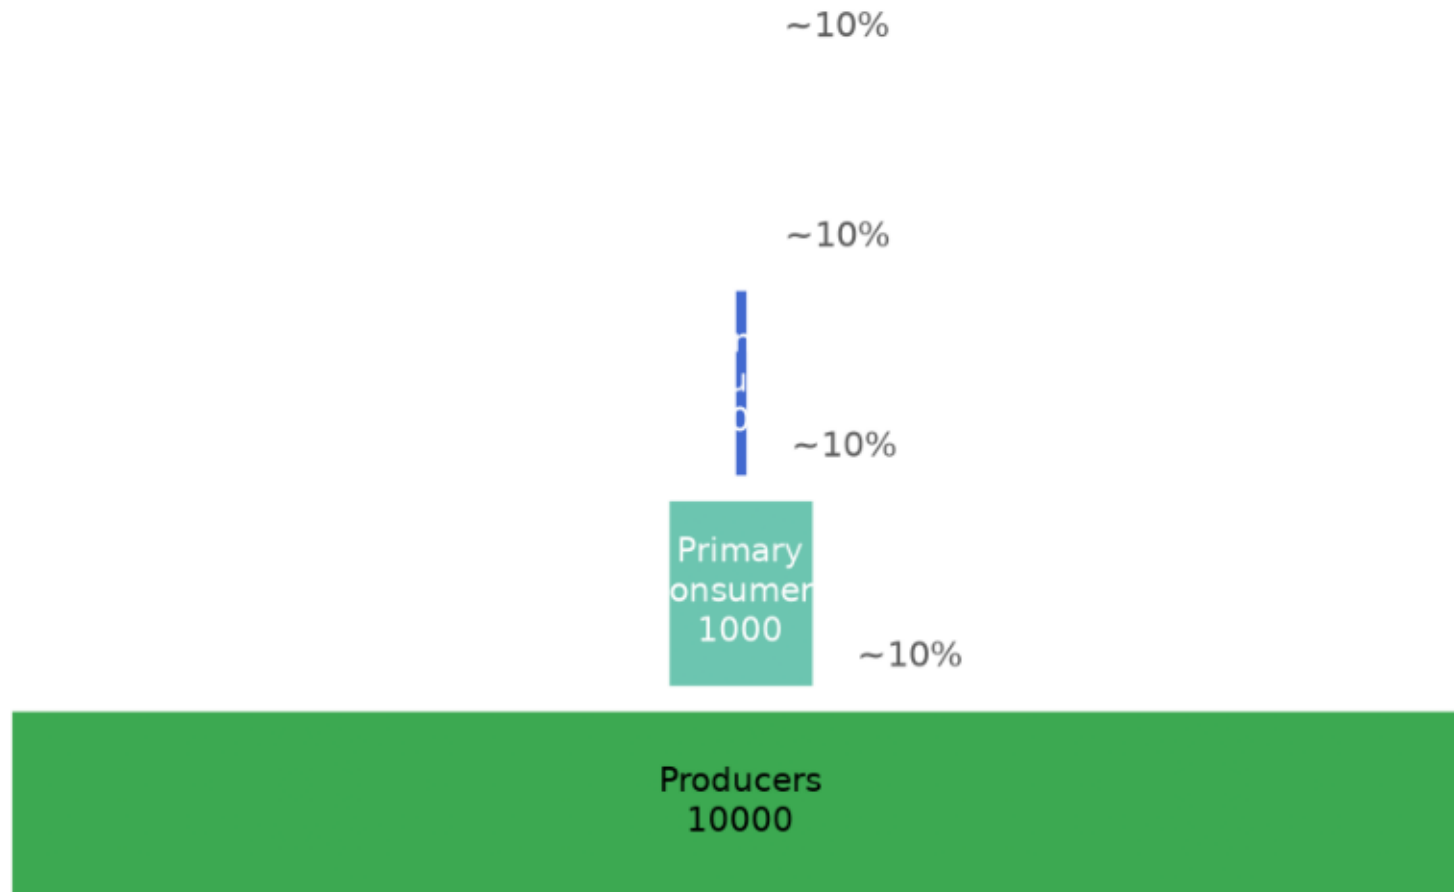

Carbon cycle: reservoirs and fluxes (GtC yr⁻¹)

Which visual task family? · Which channel does the work? · What form would you choose instead?

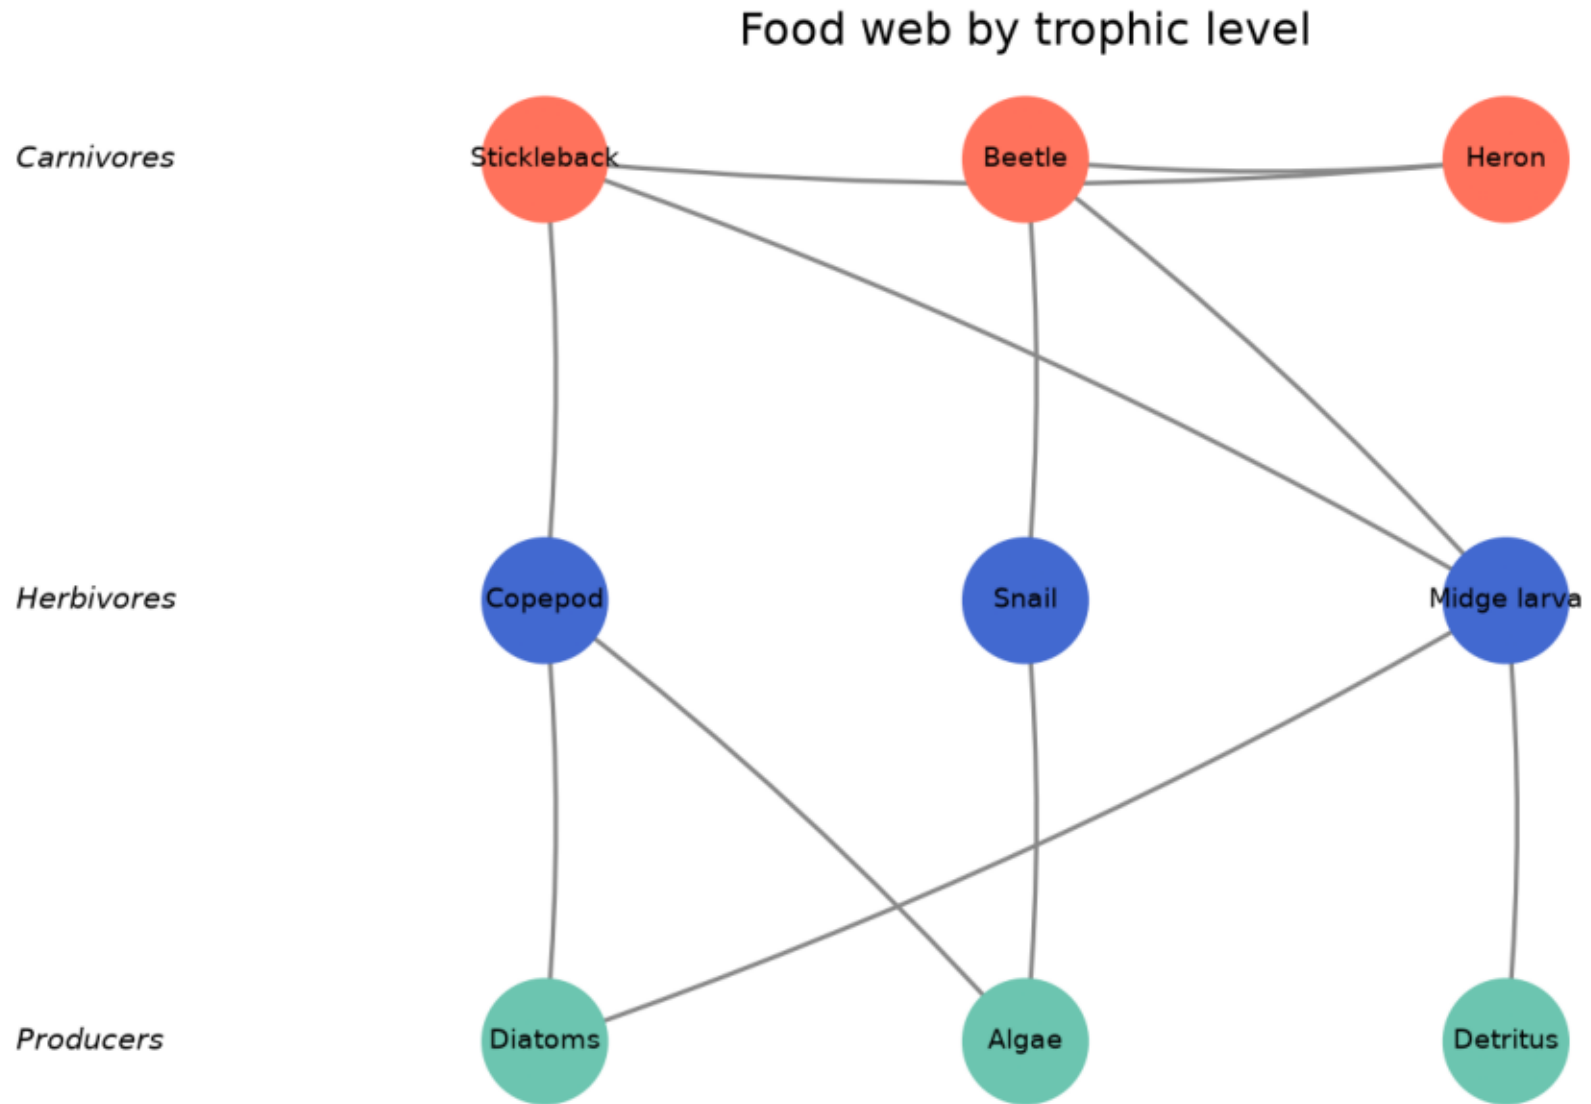

A trophic energy pyramid

Energy pyramid (relative units)

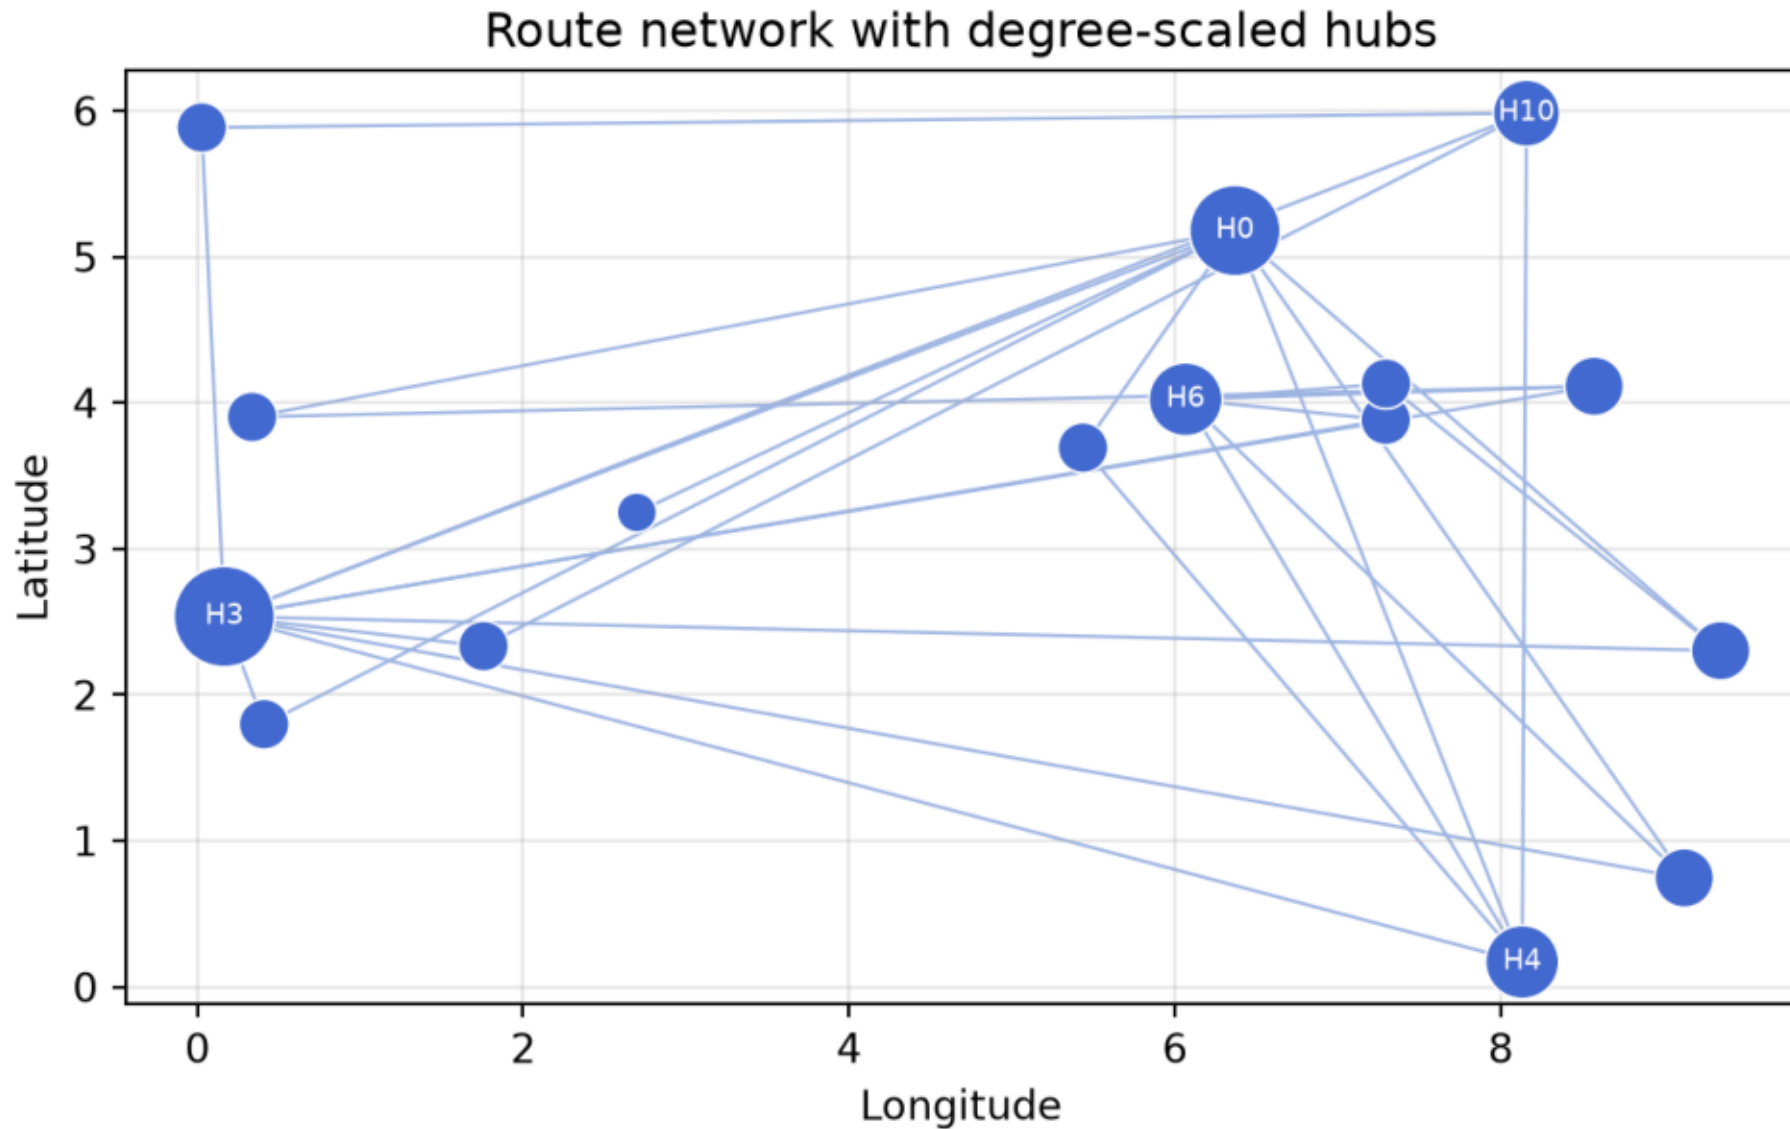

Which visual task family? · Which channel does the work? · What form would you choose instead?

A food web

Which visual task family? · Which channel does the work? · What form would you choose instead?

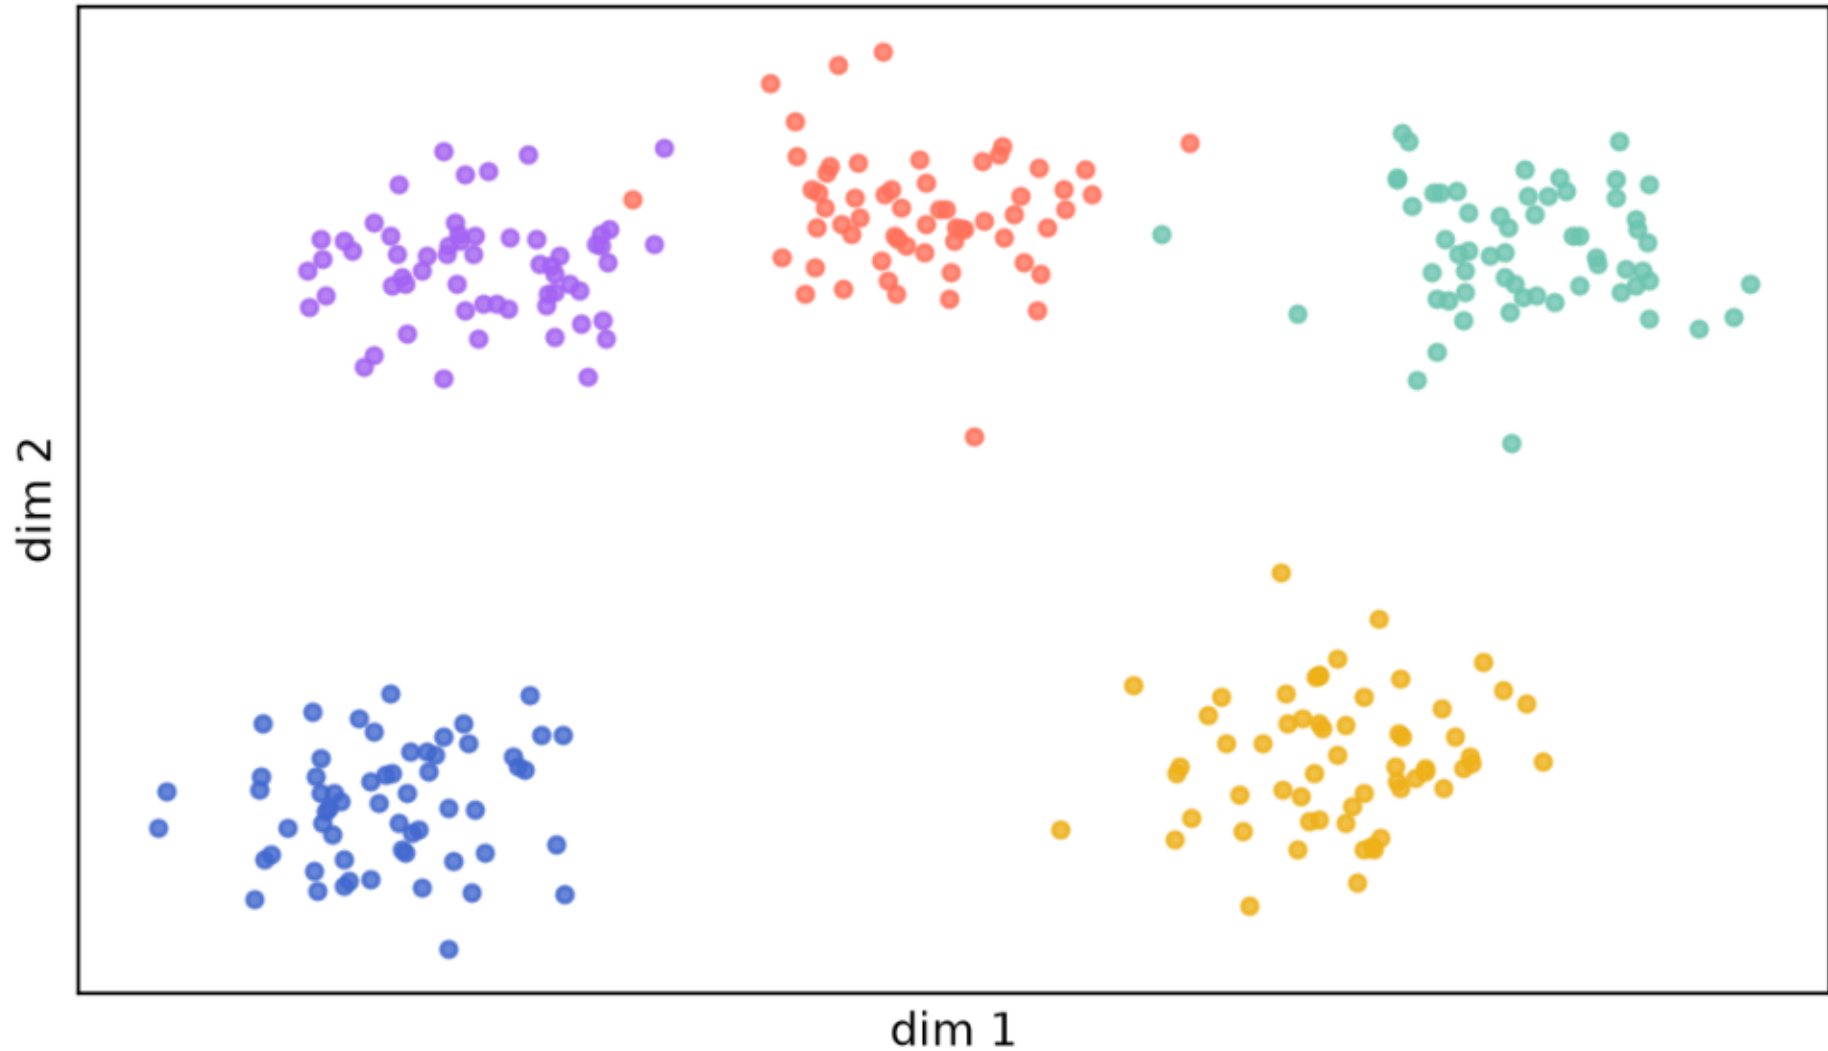

An airline route network

Which visual task family? · Which channel does the work? · What form would you choose instead?

A t-SNE projection

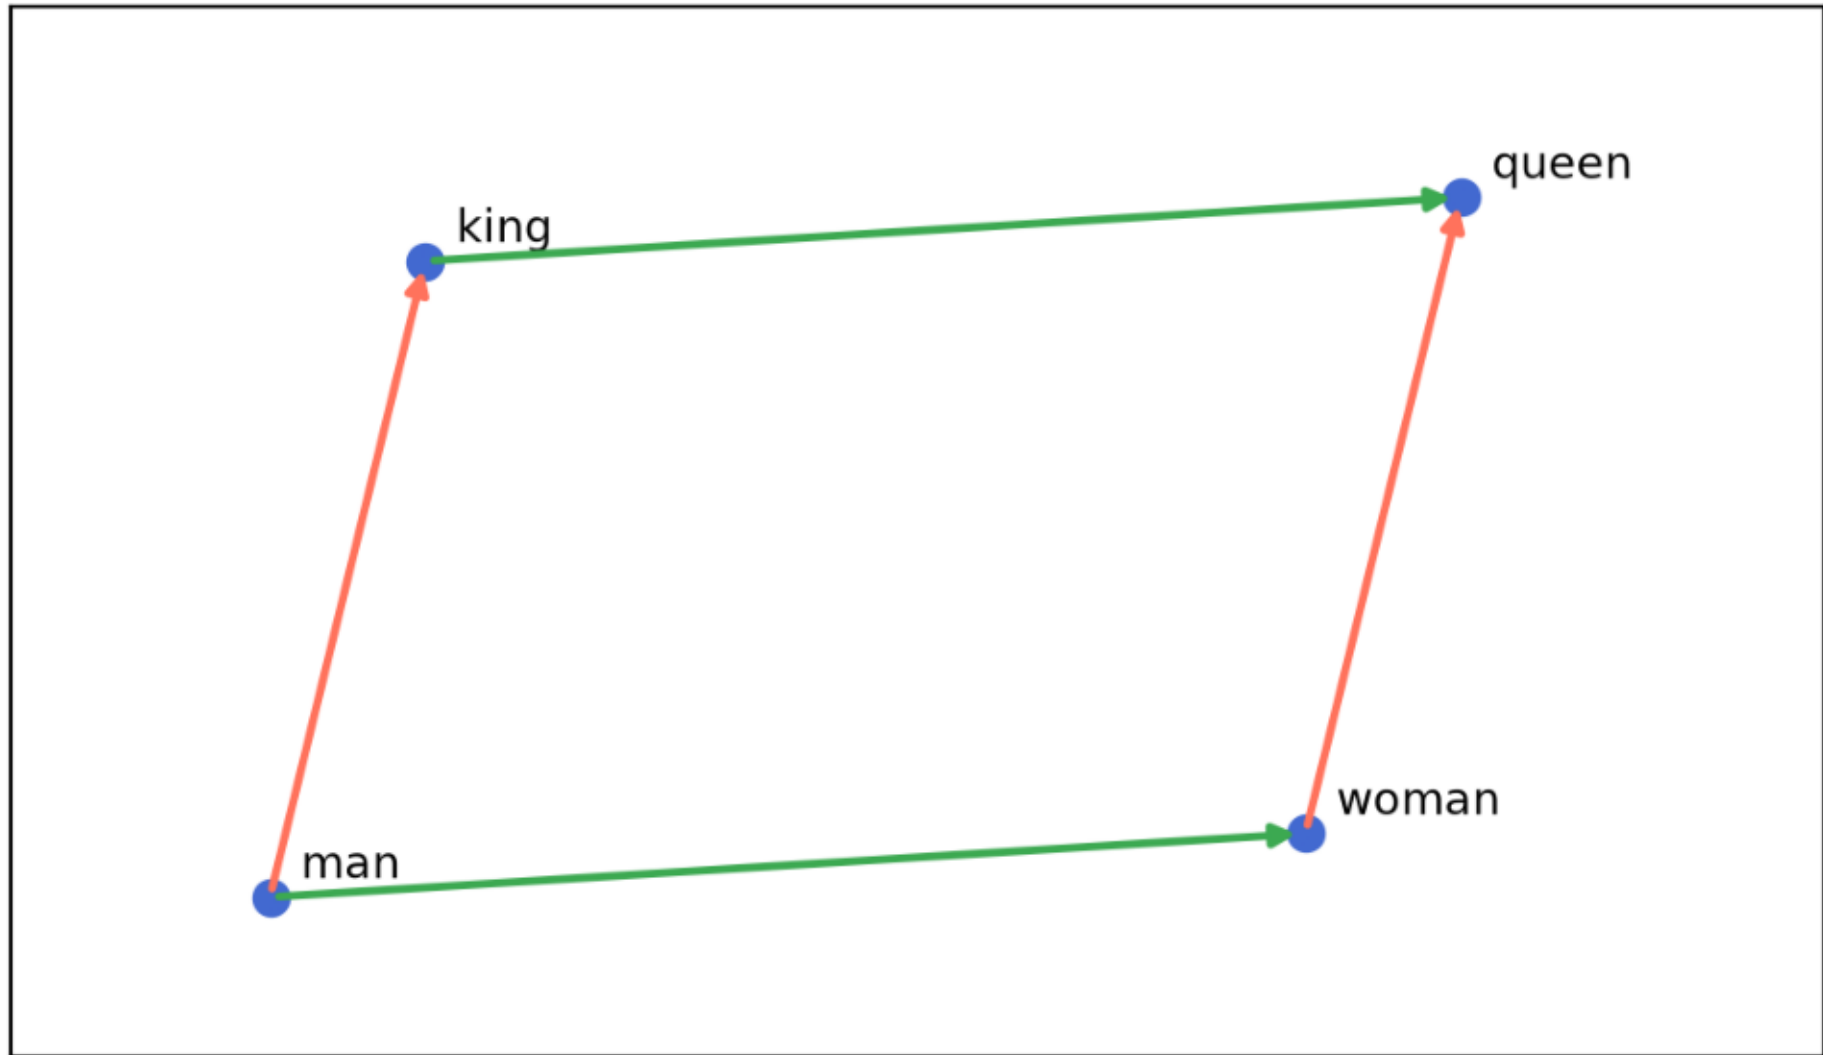

t-SNE / UMAP embedding

Which visual task family? · Which channel does the work? · What form would you choose instead?

Word embeddings

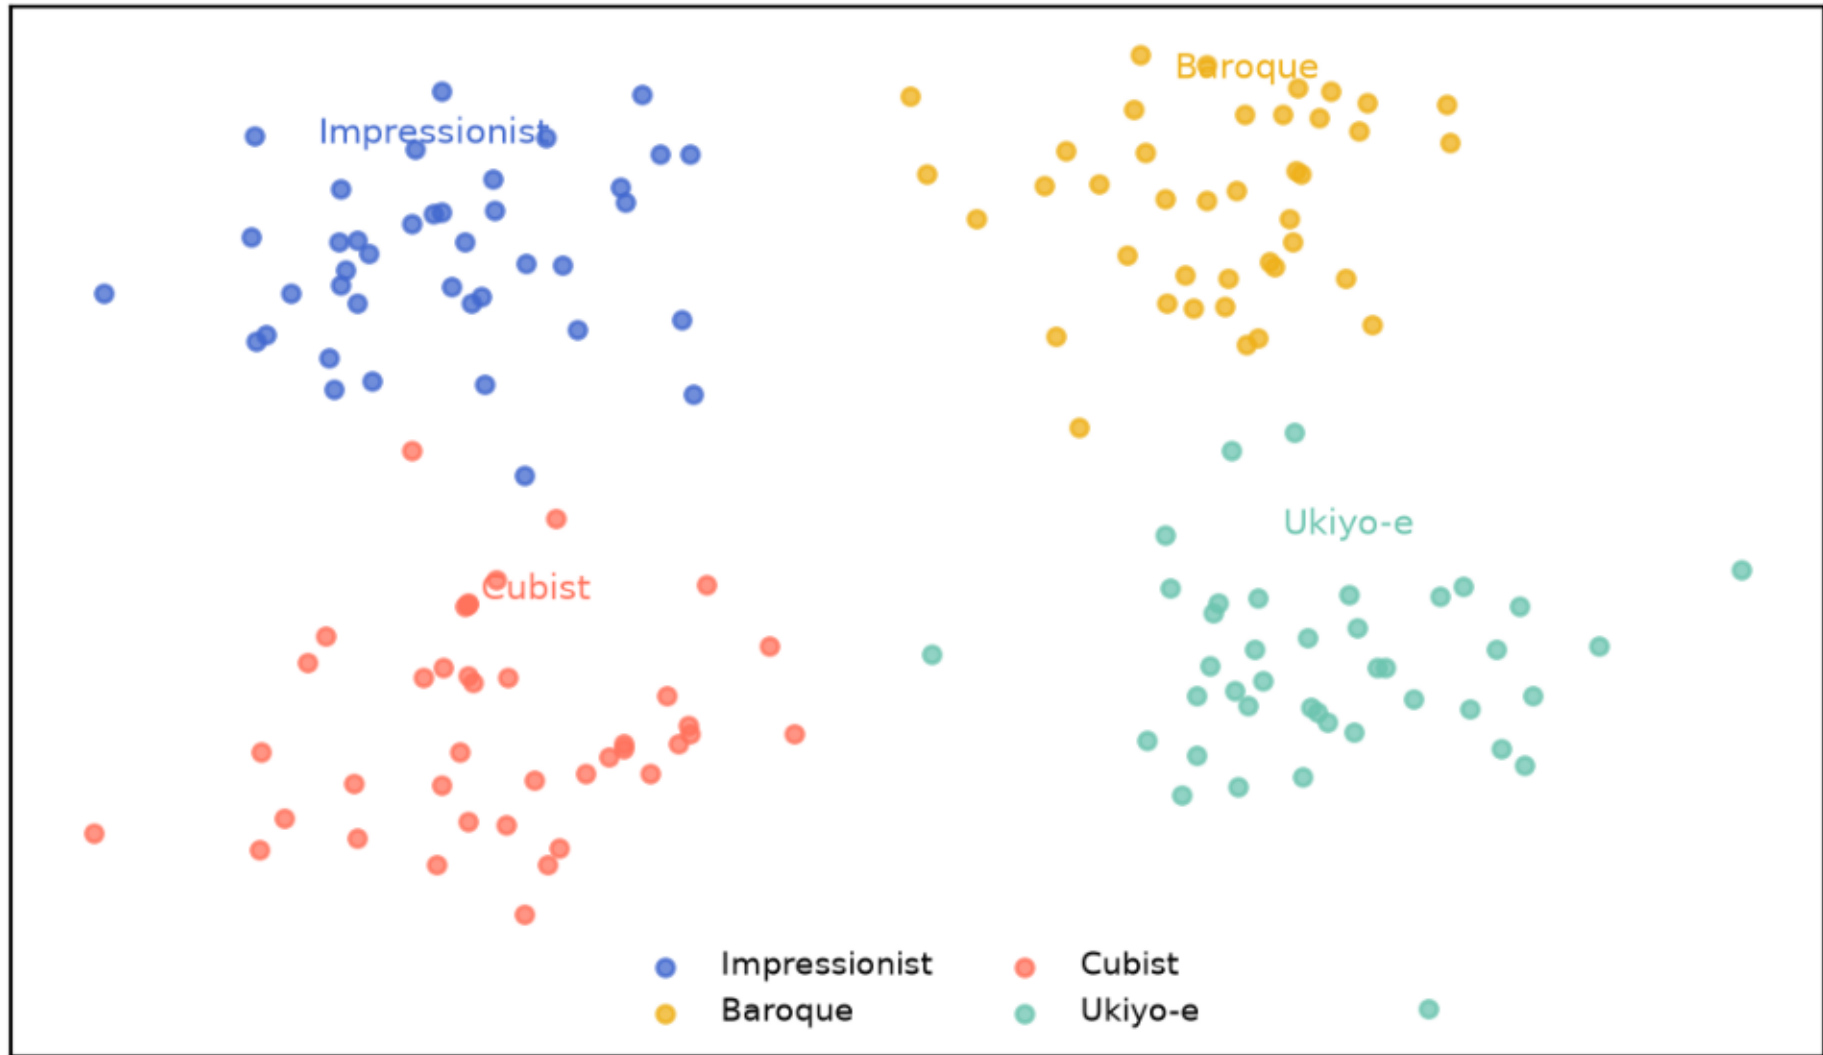

Word-embedding analogy

Which visual task family? · Which channel does the work? · What form would you choose instead?

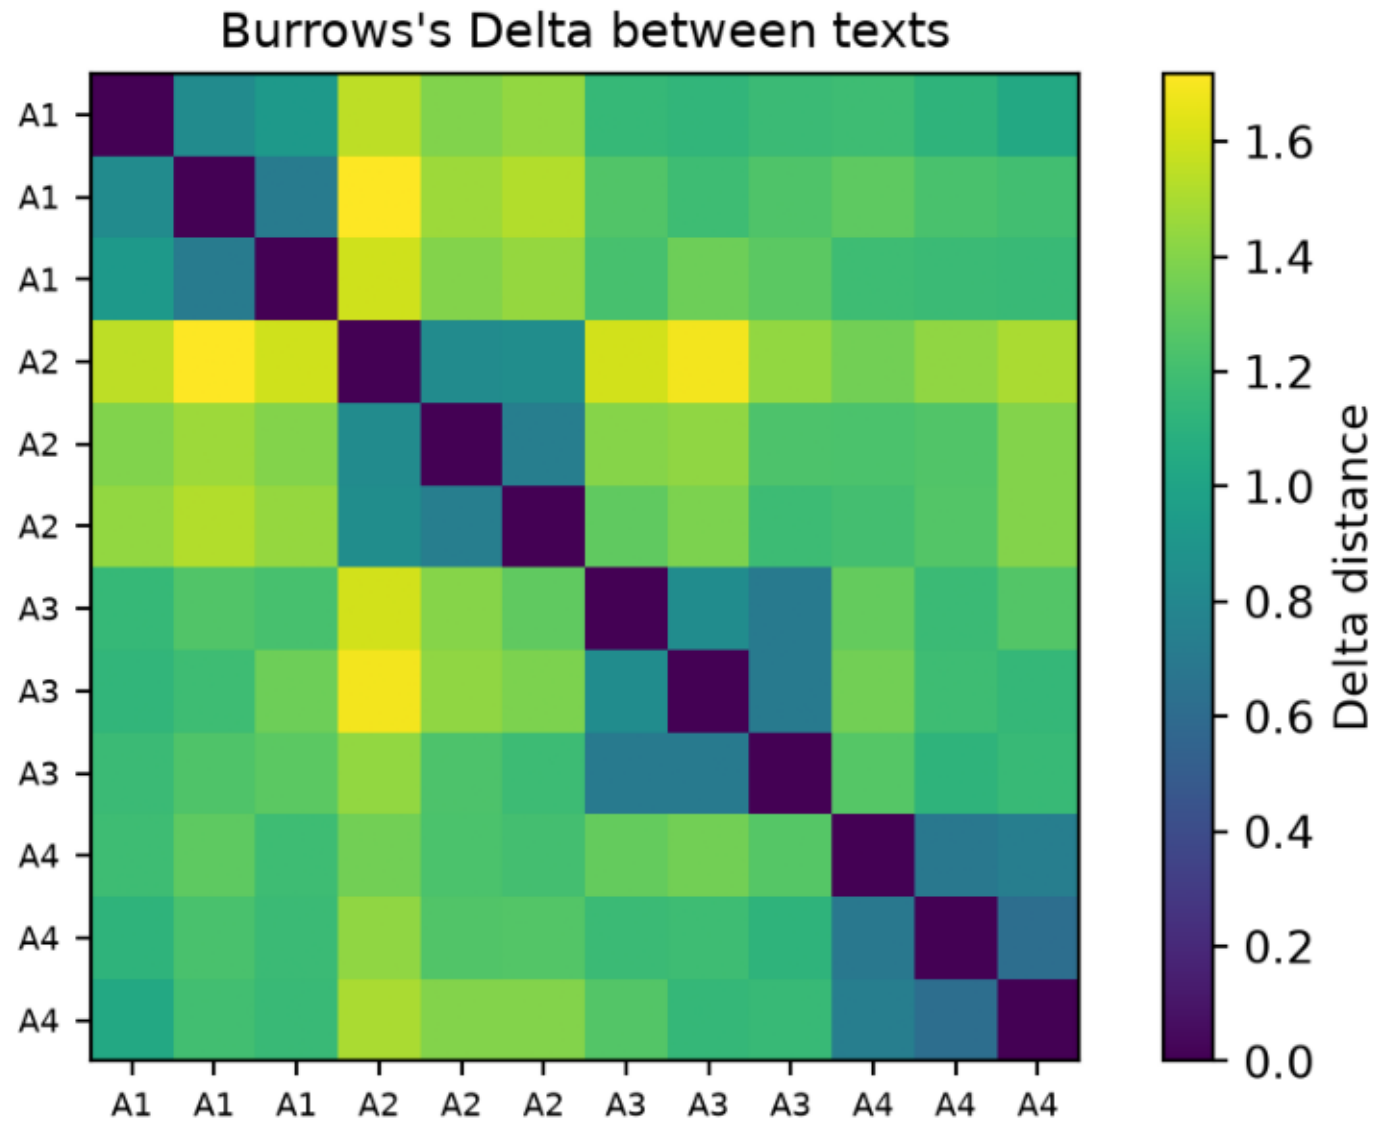

An art-embedding map

Art collection by visual style

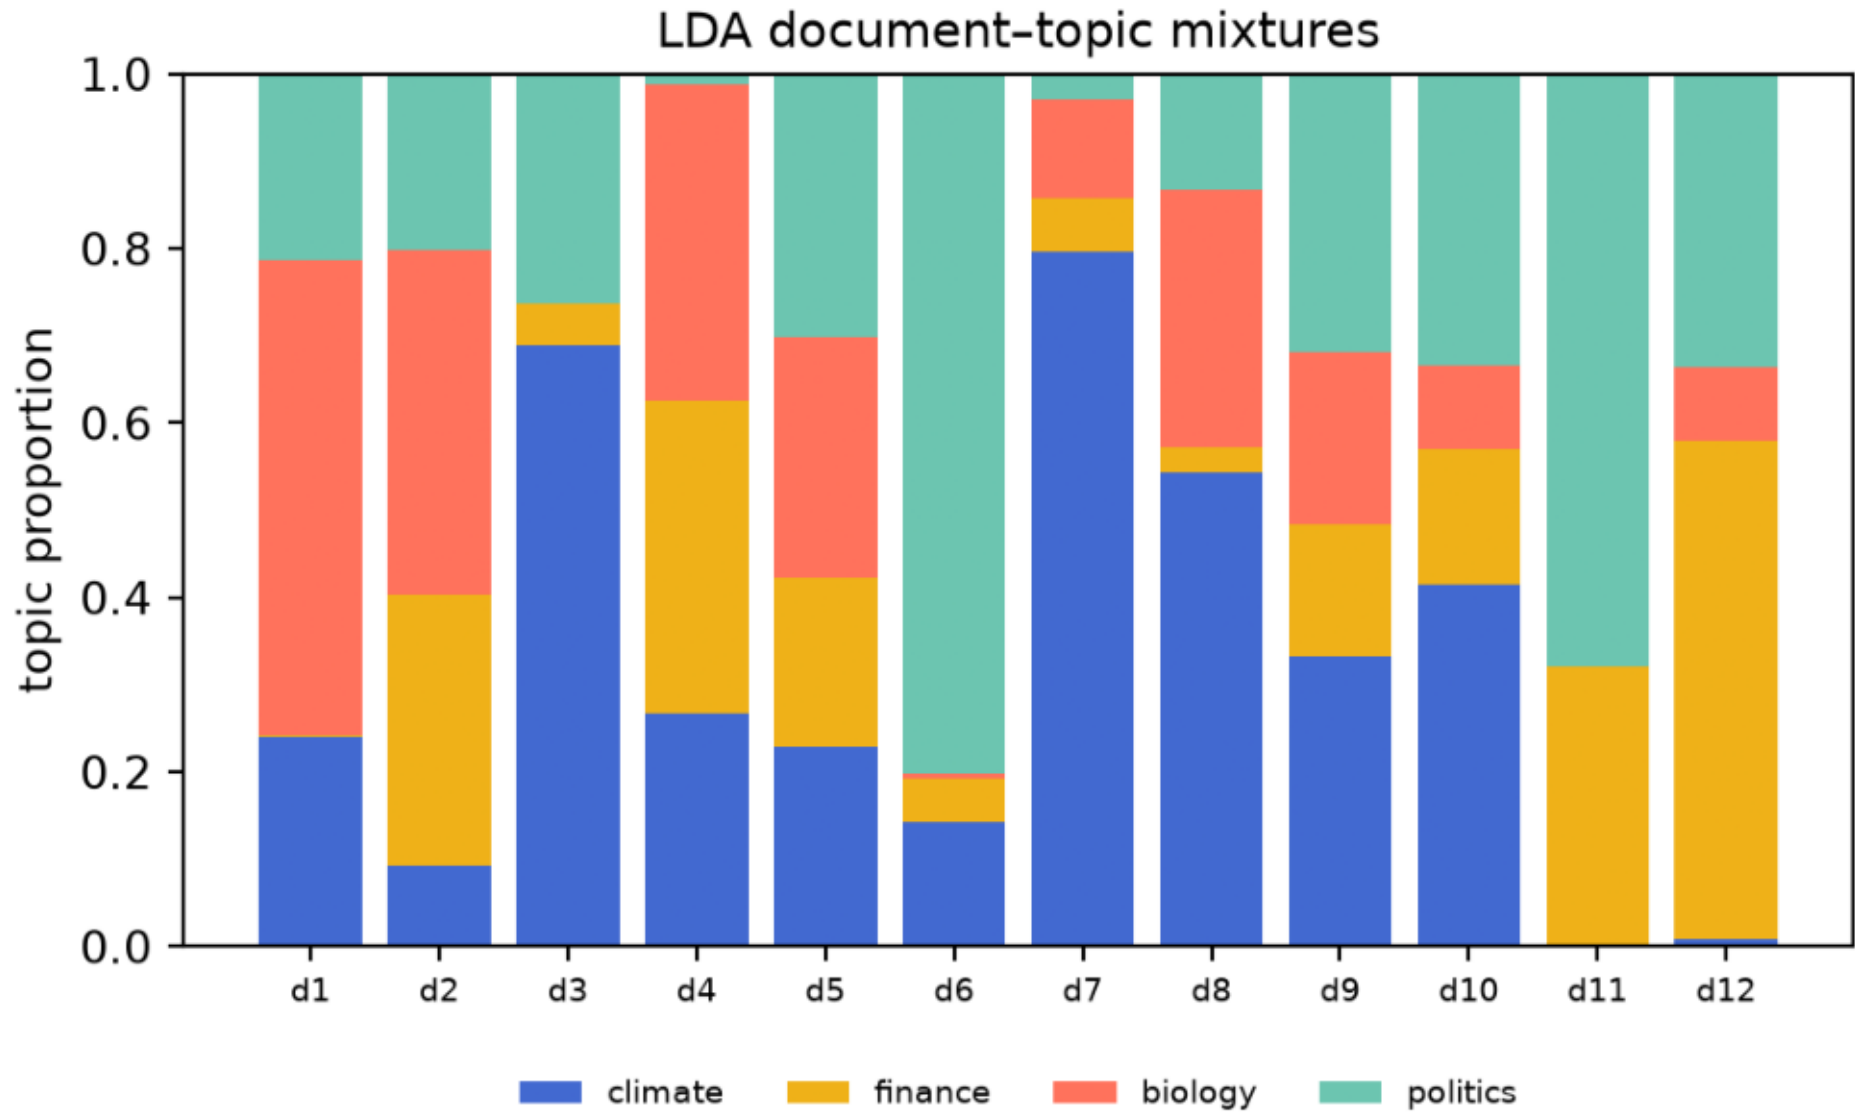

Which visual task family? · Which channel does the work? · What form would you choose instead?

Stylometry: Burrows's Delta

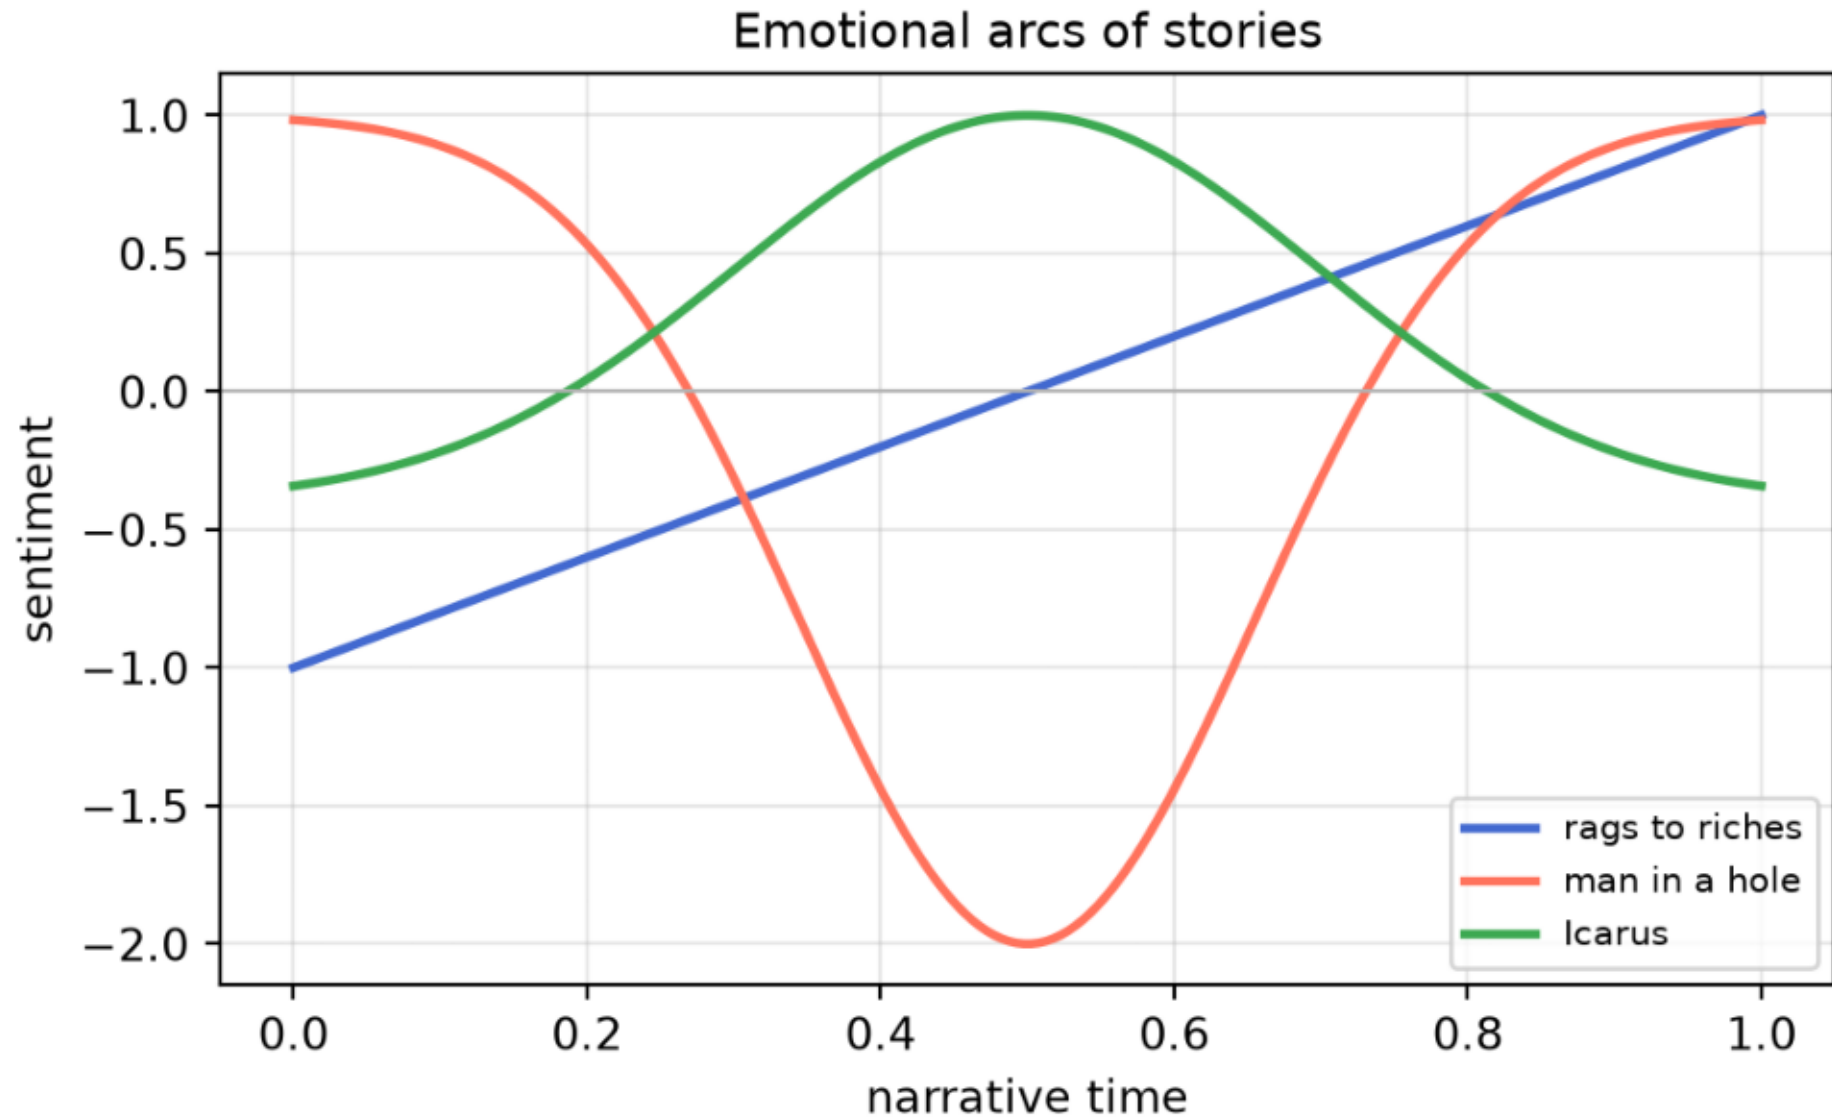

Which visual task family? · Which channel does the work? · What form would you choose instead?

A topic model

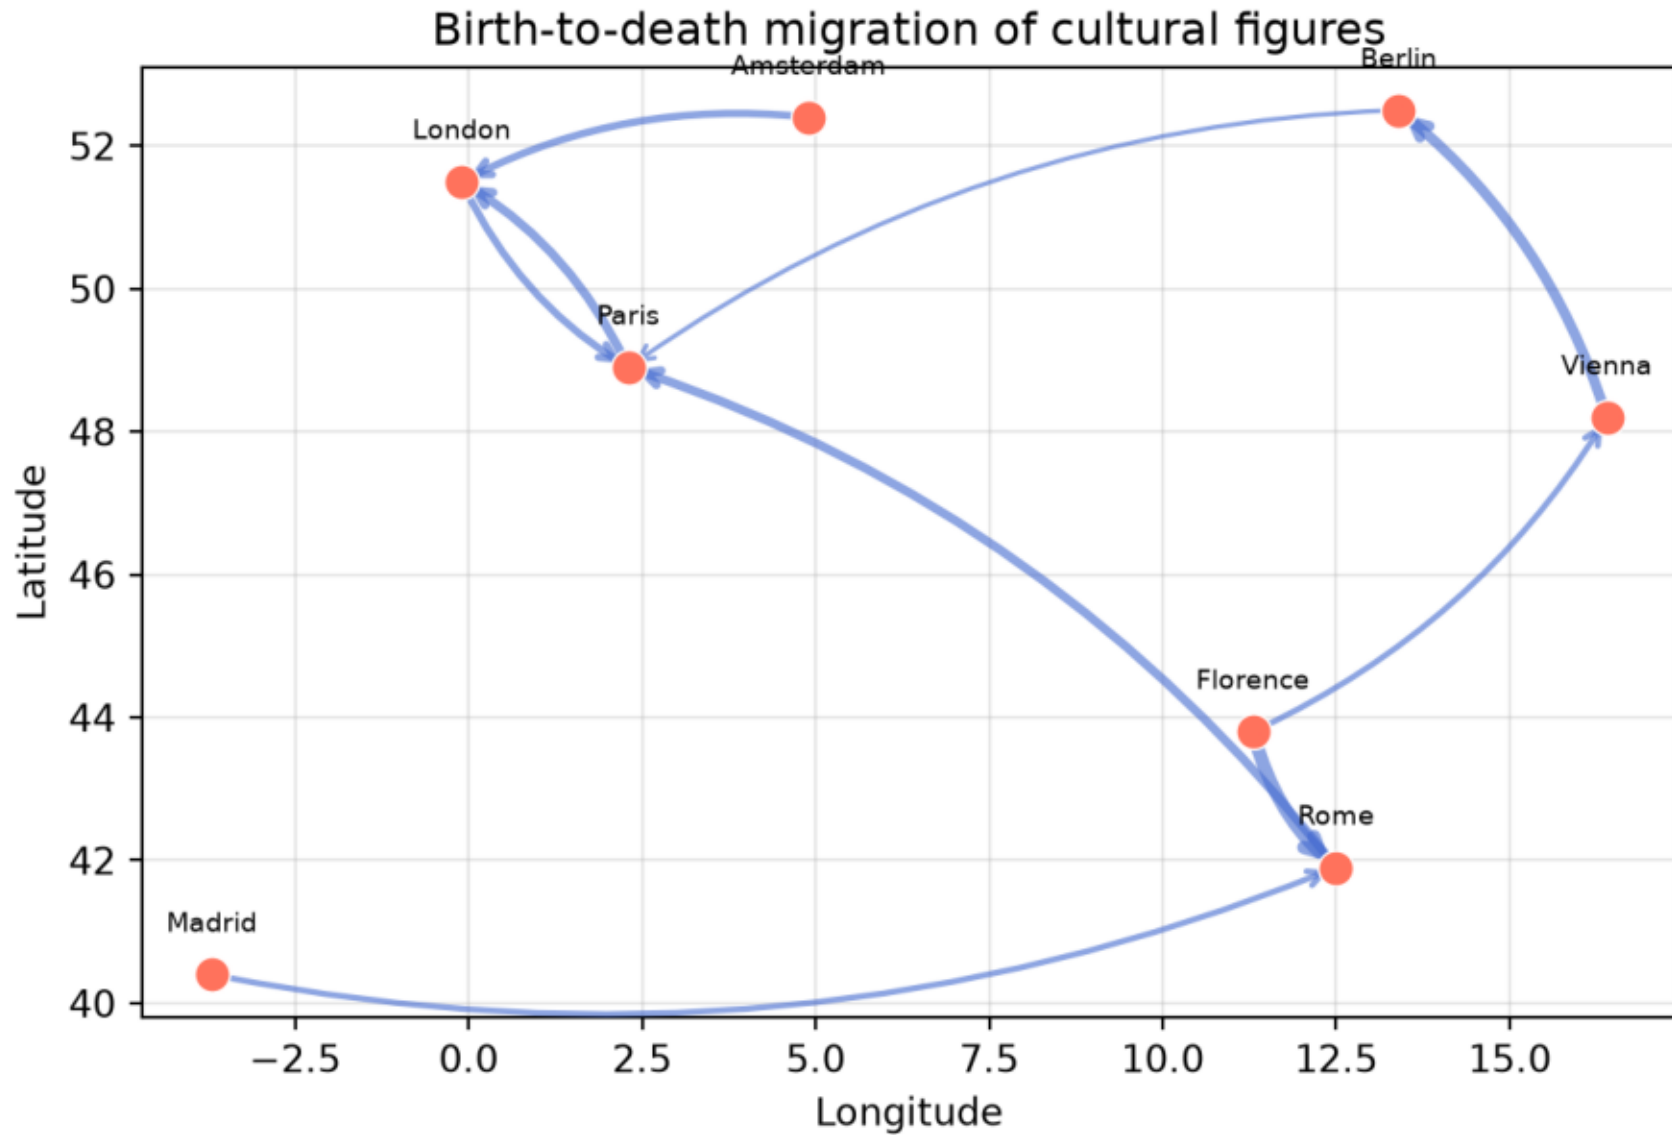

Which visual task family? · Which channel does the work? · What form would you choose instead?

Emotional arcs of stories

Which visual task family? · Which channel does the work? · What form would you choose instead?

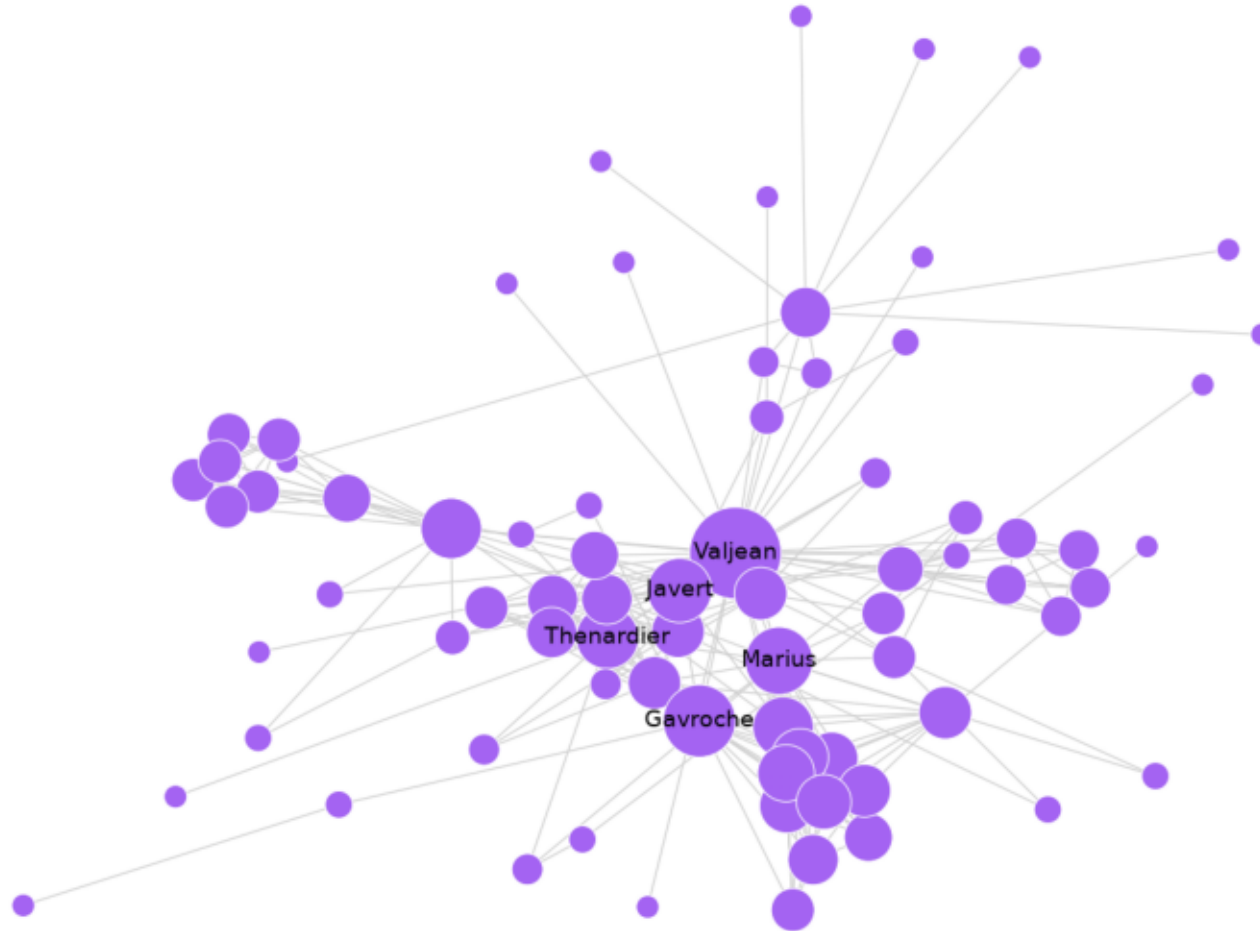

Cultural history as a network

Which visual task family? · Which channel does the work? · What form would you choose instead?

A character co-occurrence network

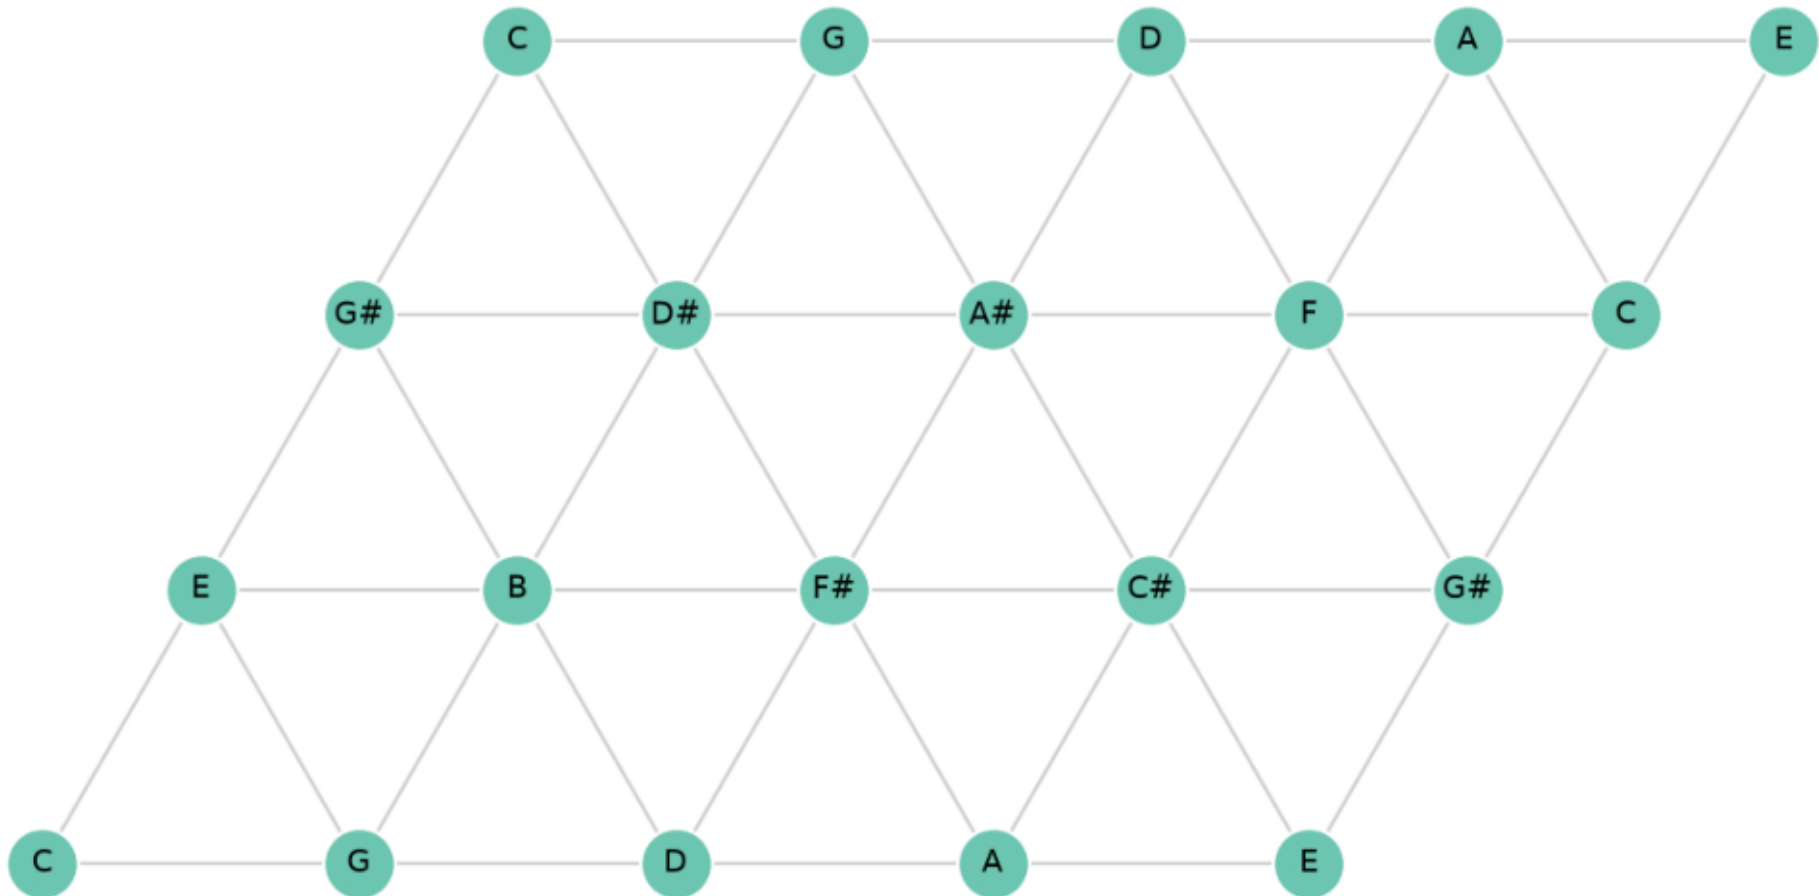

Character co-occurrence network

Which visual task family? · Which channel does the work? · What form would you choose instead?

The Tonnetz

The Tonnetz (fifth / major-third / minor-third axes)

Which visual task family? · Which channel does the work? · What form would you choose instead?
